Good Morning,

I called this morning and talked with Emily regarding permit 61587. The application is currently on hold due to zoning requirements. The owner is working on the zoning issue. We will modify the plan to accommodate the 450 sq. ft. requirement by enclosing a portion of the 1st floor. I received a email stating that we need to respond before 12/31/2023 so the permit application won't be voided. The is the response to your request. Please keep the application open and I will be in touch after the owner changes the property from 2.5 acres to a 5 acre property to satisfy the zoning requirement. Please confirm.

Thank you, Bill Cason
