

Columbia County Building Permit Application - "Owner and Contractor Signature Page"**CODES: 2023 Florida Building Code 8th Edition and the 2020 National Electrical Code.**

Application is hereby made to obtain a permit to do work and installations as indicated. I certify that no work or installation has commenced prior to the issuance of a permit and that all work be performed to meet the standards of all laws regulating construction in this jurisdiction.

TIME LIMITATIONS OF APPLICATION : An application for a permit for any proposed work shall be deemed to have been abandoned 180 days after the date of filing, unless pursued in good faith or a permit has been issued.

TIME LIMITATIONS OF PERMITS: Every permit issued shall become invalid unless the work authorized by such permit is commenced within 180 days after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of 180 days after the time work is commenced. A valid permit receives an approved inspection every 180 days. Work shall be considered not suspended, abandoned or invalid when the permit has received an approved inspection within 180 days of the previous approved inspection.

FLORIDA'S CONSTRUCTION LIEN LAW: Protect Yourself and Your Investment: According to Florida Law, those who work on your property or provide materials, and are not paid-in-full, have a right to enforce their claim for payment against your property. This claim is known as a construction lien. If your contractor fails to pay subcontractors or material suppliers or neglects to make other legally required payments, the people who are owed money may look to your property for payment, even if you have paid your contractor in full. This means if a lien is filed against your property, it could be sold against your will to pay for labor, materials or other services which your contractor may have failed to pay.

NOTICE OF RESPONSIBILITY TO CONTRACTOR AND AGENT: YOU ARE HEREBY NOTIFIED as the recipient of a building permit from Columbia County, Florida, you will be held responsible to the County for any damage to sidewalks and/or road curbs and gutters, concrete features and structures, together with damage to drainage facilities, removal of sod, major changes to lot grades that result in ponding of water, or other damage to roadway and other public infrastructure facilities caused by you or your contractor, subcontractors, agents or representatives in the construction and/or improvement of the building and lot for which this permit is issued. No certificate of occupancy will be issued until all corrective work to these public infrastructures and facilities has been corrected.

WARNING TO OWNER: YOUR FAILURE TO RECORD A NOTICE OF COMMENCEMENT MAY RESULT IN YOU PAYING TWICE FOR IMPROVEMENTS TO YOUR PROPERTY. A NOTICE OF COMMENCEMENT MUST BE RECORDED AND POSTED ON THE JOB SITE BEFORE THE FIRST INSPECTION. IF YOU INTEND TO OBTAIN FINANCING, CONSULT WITH YOUR LENDER OR ATTORNEY BEFORE RECORDING YOUR NOTICE OF COMMENCEMENT.

OWNERS CERTIFICATION: I CERTIFY THAT ALL THE FOREGOING INFORMATION IS ACCURATE AND THAT ALL WORK WILL BE DONE IN COMPLIANCE WITH ALL APPLICABLE LAWS REGULATING CONSTRUCTION AND ZONING.

NOTICE TO OWNER: There are some properties that may have deed restrictions recorded upon them. These restrictions may limit or prohibit the work applied for in your building permit. You must verify if your property is encumbered by any restrictions or face possible litigation and or fines.

Digital Signature Verification Report

Process and Intent Verification

The appFiles digital signature platform provides for two types of digital signatures each with their own type of authentication. The purpose of this report is to provide the parties of the documents listed below with the proof of intent and verification information collected at the time of digital signature.

The first type of digital signature is an in-person digital signature which is administered in the presence of personnel experienced with the collection of digital signatures. For this style of signature we record not only the required verification information consisting of the signature ID, device IP address and timestamp that the signature was collected but also the name of the experienced digital signature administrator who personally observed and explained the digital signature process to the client.

The second type of digital signature is a send-away digital signature. In this type of signature, the digital signature administrator prepares a set of documents to be sent and signed on the client's own computer or mobile device. During the process of preparing the package of documents, the administrator assigns a role to the client and places/activates the correct signature and initial locations on the document for that individual. A link is then generated and emailed that is unique to that individual that will begin the review and digital signature process.

Due to the nature of the send-away signatures being remotely administered, the signer, upon receiving and opening the link to the document package, must agree to the digital signature terms and conditions that indicate that they have read and reviewed the documents before signing and that they further agree that their digital signature will be as legally binding as a physical pen and paper signature. Once they have agreed to these terms and conditions, the signature request system will guide them through the process of reviewing each page of the document package before initialing or signing. For this type of digital signature, the verification information consisting of signature ID, device IP address and timestamp is collected as the signatures and initials are completed.
