Public reporting burden for the collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering the required data, reviewing the collected data, completing and reviewing the collection of information, sending the collected data to the person to whom the collection of information is addressed, reviewing the collection of information, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing the burden, to Washington Headquarters Service, Paperwork Project (0182-0046), Washington, DC 20503-2977.

OMB control number: 0704-0188

Section 24 CFR 200.922(b)(3) requires that the sites for HUD insured structures must be free of termite hazards. This information collection requires the builder to certify that an authorized Pest Control company performed all required treatment for termites, and that the builder guarantees the treated area against infestation for one year. Builders, pest control companies, mortgage lenders, home buyers, and HUD as a record of treatment for specific homes will use the information collected. The information is not considered confidential, therefore, no assurance of confidentiality is provided.

This report is submitted for informational purposes to the builder on proposed (new) construction cases when treatment for prevention of subterranean termite infestation is specified by the builder, architect, or required by the lender, architect, FHA, or VA.

All contracts for services are between the Pest Control company and builder, unless stated otherwise.
