**FIRST AMENDMENT TO DECLARATION OF RESTRICTIONS
AND PROTECTIVE COVENANTS FOR CYPRESS LAKE BUSINESS PARK**

This First Amendment to the Declaration of Restrictions and Protective Covenants for Cypress Lake Business Park (hereinafter "CLBP"), dated October 30, 2007, and recorded as Instrument No. 200712024903 and as Official Records Book 1135, Page 1444, in the Public Records of Columbia County, Florida, (the "Declaration") is hereby made this 4th day of September, 2014, by Daniel Crapps and Richard C Cole, as Trustees, of the Cypress Lake Land Trust, dated July 23, 1985, sometimes referred to as the "Cypress Land Trust," and who are referred to in the Declaration and this First Amendment to the Declaration as the "Developer" of the real property subject to the Declaration, which property is more particularly described in Exhibit "A" (the "Property") specifying that this Declaration shall constitute a covenant running with the land and that the Declaration and this First Amendment to Declaration of Restrictions and Protective Covenants for CLBP ("First Amendment") shall be binding upon the undersigned and upon all persons acquiring title through the undersigned. Such Declaration and the restrictions and covenants therein, as hereby amended, shall be for the benefit and limitation upon all present and future owners of the Property.

WHEREAS, the Developer desires that the said Property above described be made subject to reservations and restrictions for the mutual benefits and protection of Developer and persons and entities that may hereafter purchase or acquire any interest in said Property or any portion thereof; and

WHEREAS, pursuant to paragraph 19 of the Declaration the Developer reserved and retained the sole right to amend the Declaration for the purpose of making additional covenants and restrictions which are not inconsistent with and which do not lower the standard of the Declaration set forth therein; and

WHEREAS, the Developer holds title to the Property subject to the Declaration and this First Amendment, including, but not limited to, all property as described in Exhibit "A", except for the parcel described in Exhibit "B", which parcel is also part of the Property subject to the Declaration; and property described in Exhibit "B" is exempt from First Amendment to Declaration.

NOW, THEREFORE, in consideration of the premises, the Developer does hereby declare said Property, to be subject to the following restrictions, reservations and conditions and binding upon the Developer, and all persons acquiring title through the undersigned, their grantees, executors, heirs, successors and assigns, to wit:

Paragraphs 28 and 29 are hereby added to the Declaration as follows:

28. No nephrology outpatient services and no renal replacement services, including but not limited to, hemodialysis service, peritoneal dialysis services and management of acute and home dialysis services (hereinafter "Nephrology and Renal Related Medical Services") shall be permitted on the Property other than Lots 1, 2 and 3 as shown by the Plat of the CLBP.

29. No Ambulatory Surgery Center, also known as an Outpatient Surgery Center or as a Same Day Surgery Center (hereinafter collectively, an "ASC"), providing the following outpatient surgical services: general surgery, gastroenterology, urology, ophthalmology, plastic surgery, or cardiology shall be permitted on the Property other than Lot 4 as shown by the Plat of the CLBP, and "Lot C" as more particularly described in Exhibit "C" attached hereto and Lots 1, 2 and 3.

30. In the event the Contracts for Sale and Purchase of Lots 1, 2 and 3 of the CLBP, dated August 28, 2013 and May 27, 2014, respectively, do not close on or before January 1, 2016, such that a deed is issued to the purchaser or its assigns by that date, the exclusion of Lots 1, 2 and 3 of the CLBP from the restriction in favor of Amere Property, LLC, as described in clause #29, shall terminate. Further, the First Amendment shall thereafter be amended by the Developers to remove the restriction contained herein relating to Nephrology and Renal Related Medical Services from all of property described in Exhibit "A".

All other terms and conditions of the Declaration as not herein modified or amended shall remain in full force and effect.

IN WITNESS WHEREOF, the undersigned have hereunto set their hands and seals this 15 day of September, 2014.

RE: Cypress Lakes Business Park Lots 2, 3, & 4
Lake City Dialysis West Clinic
Service Availability Letter

Mr. Peters,

You requested we review the referenced project to determine if Lake City Utilities has sufficient capacity available to provide water and wastewater service. The Engineer of Record, Joseph P. Mecca provided Lake City the projected average daily potable water demand and wastewater generation rate for the project as follows:

Phase	Completion Date	Potable Water Demand	Wastewater Generation Rate
Single	TBD	12,000	12,000

Based on current demand projections, existing facilities, budgeted capital improvements, and anticipated facilities beyond the 1 year capital budget horizon, excess plant capacity by date is as follows:

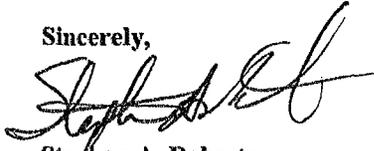

Date	Surplus Water Treatment Capacity	Surplus Wastewater Treatment Capacity
11/12/2014	Approx. 2 MGD	Approx. 1.5 MGD

Please note the surplus capacity listed takes into account projected flows from all known development within Lake City's service area including the connections anticipated from the proposed development. The surplus capacity listed by date exceeds the demand projected from the referenced project. Based on the information provided, Lake City Utilities will have adequate plant capacity to provide water and wastewater service to Lake City West Dialysis Clinic. This letter only addresses capacity at Lake City's potable water treatment facility and water reclamation facilities and does not include an analysis of local water and wastewater infrastructure required to serve this development. Please provide ISO Fire flow Demand calculations to hydraulically model the impact of proposed project on the existing potable water distribution system. The existing wastewater pump station is currently privately owned and maintained, however, the owner is in the process of conveying land rights and structures to the City for perpetual operation and maintenance. Construction of water distribution and wastewater collection facilities may be required. Our current extension policies require the developer to pay for all utility extension costs.

This letter does not constitute a reservation or guarantee of capacity. Extension of facilities to serve Lake City Dialysis West Clinic and associated tap/connection charges will be subject to policies and ordinances in place at the time of extension or connection as applicable. Major extensions may require City Council approval.

Should you desire further information about water and wastewater capacity availability, please contact me at 386-719-5788 or robertss@lcfia.com.

Sincerely,
