

Inspection Date: March 6, 2025

Columbia County
Building & Zoning Department
135 NE Hernando Avenue
Lake City, FL 32055

Subject: Special Inspection Report (Slabs) [NSB]
Permit: 000051754
AT&T Site: Lulu (SBA 10579357)
Site Address: 120 SE Community Road, Lulu, FL 32061
APX Project: 24-0362.04

Dear Building Official:

APX Engineering Group, LLC (APX) performed observations of the AT&T telecommunication facility located at the above-referenced site. The purpose of these observations was to inspect the following in accordance with the Florida Building Code, 8th Edition (2023) and the National Electric Code (NEC), 2020 Edition:

1. Installation of proposed concrete slab-on-grade lengths.
2. Installation of proposed concrete slab-on-grade widths.
3. Installation of proposed concrete slab-on-grade thicknesses.
4. Installation of proposed concrete slab-on-grade reinforcement.

The installation of the above-mentioned items was visually inspected and compared with the approved construction drawings by APX Engineering Group, LLC dated January 31, 2025 and a concrete batch report by Columbia Ready Mix Concrete dated January 16, 2025. We did not perform an evaluation of the soil compaction. Based on these observations and to the best of my knowledge and belief, the above-listed construction components comply with the permitted documents.

Should you have any questions or wish to discuss any aspect of this letter, please do not hesitate to contact the undersigned.

Sincerely,

APX Engineering Group, LLC

Michael A. Phillips, P.E.
Chief Engineer
Florida License #68312
