

Property Owner Statement for Permit Change

To Whom It May Concern,

I am the property owner of 355 SW Hunter Leigh Pl, and I would like to inform you that I am changing contractors for my project.

Unfortunately, the original contractor has abandoned the project and has ignored our requests to come finish the job. We have hired EnLight.Energy to help us finish the project on our property.

Please void the original permit so EnLight can file a new one and complete the work, so we can move in the right direction.

Please accept this notarized statement as an official request.

Sincerely,

Donald J Hayes
