Laurie:

Can you renew this permit. at 190 SW Camphor Court #34760. It is 98% complete. I have to get the sewer and water hooked up, punch out inside, final electric, culvert inspection and plumbing has to be completed.

Thanks,

Stephanie Harrington

Stephanie,

No need to redo an application unless there are changes in property ownership or the contractor or the building has changed. If not, then email a formal request to renew this permit and state what is remaining. We can then process your request.

Thank you,

Laurie Hodson

Laurie:

We are ready to finish this home. Can you send us an application to renew the permit?

Thanks,

Stephanie
