Re: Permit No. 000051163
Request for Permit Extension

To Whom It May Concern:

The project that we have been working on for the installation of a microwave dish antenna onto an existing cell tower for the State of Florida's emergency telecommunications system has been pushed out to Q2 2025 due to end-of-year rescheduling and asset reallocation across several projects that the State of Florida assigned. Considering that Permit No. 000051163 is due to expire on April 19, 2025, we respectfully request a 90-day extension so that this rescheduled project may be completed prior to July 18, 2025.

Thank you.

Sincerely,

Michael P. Schneider
