

HARTSOOK
J-485693

A hand-drawn diagram of a rectangular circuit board layout. The layout is defined by a series of connected line segments. The dimensions of the segments are labeled with numbers: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. The layout is oriented with the longer sides horizontal. The top horizontal segment is labeled 12. The right vertical segment is labeled 8. The bottom horizontal segment is labeled 12. The left vertical segment is labeled 8. The layout is divided into several rectangular sections by internal segments. The segments are labeled with numbers 1 through 12. The layout is drawn on a grid background.
