New Construction Subterranean Termite Service Record
This form is completed by the licensed Pest Control Company.
Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments to Washington, DC 20503. HUD may not collect this information, and you are not required to complete this form, unless it displays a currently valid PHVA Case No. (if any).
Section 24 CFR 200.620(b)(3) requires that the sites for HUD insured structures must be free of termite hazards. This information collection requires the builder to certify that an authorized Pest Control Company has inspected the site for termites and has provided a written report of the inspection results to the HUD as a record of treatment for specific homes will use the information provided. The information is not considered confidential, nor is it subject to the Freedom of Information Act (5 U.S.C. 552).
This report is submitted for informational purposes to the builder on proposed (new) construction cases when treatment for prevention of subterranean termite infestation is specified by the builder, architect, or required by the lender, architect, FHA, or VA.
All contracts for services are between the Pest Control Company and builder, unless stated otherwise.
