New Construction Subterranean Termite Service Record

This form is completed by the licensed Pest Control Company

Public reporting benefits for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Service, Paperwork Project (0704-0188), Washington, DC 20503.

Send to: EPA 2023-025 (07/31/2027) requires that the user for HUD required evidence must be free of termite hazards. This information collection measure the builder to certify that an authorized pest control company performed all required treatment for termites, and that the builder guarantees the treated area against reinfestation for one year. Builders, pest control companies, mortgage lenders, home buyers, and HUD are a record of treatment for specific homes will use the information collected. This information is not to be used for any other purpose. Feedback, no assurance of confidentiality is provided.

This report is submitted for informational purposes to the builder on proposed (new) construction cases when treatment for prevention of subterranean termite infestation is specified by the builder, architect, or required by the lender, and not by the HUD, or HUD, or HUD.

All contracts for services are between the Pest Control company and builder, unless stated otherwise.
