Permit Number 31732

March 4, 2014

Owner: Robert Quigley

On the date of final inspection, I met with the owner's wife, as she identified to me on site. The following items were identified as deficient but were assured to me that they were to correct these before occupying the mobile home:

1. The Air Conditioning installation was to be completed.
2. The entry steps were to be constructed with handrail and guardrails as per code requirements.

Building Inspector

A handwritten signature in black ink, appearing to read 'Tommy Matthews', with a long horizontal stroke extending to the right.
