Printer Settings

You must set the same Paper Size and Orientation in the system Printer Dialog box to match the settings above.

For best results: Use your printer's minimum margin setting (ie: 0.5" on sides and top). You may need to test several margins settings for your specific printer.

- Turn off any "Shrink to Fit" option or set scale factor to 100%

DISCLAIMER:

- Web browsers are not designed to print maps to scale, this site makes no guarantee of the accuracy of the final product.
- Please contact our office to obtain printed maps to scale.
