Florida Statute Letter

To Whom It May Concern:

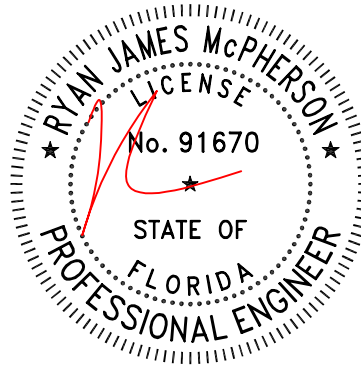

I have reviewed the PV Solar Design documents for the above-mentioned site. Per Florida Statute (F.S.) 377.0705, I, Ryan McPherson, P.E. (#91670) an engineer licensed pursuant to Chapter 471, certify that the proposed PV electrical design and the corresponding electrical components here are in compliance with the code requirements and standards contained in Florida Building Code, and the National Electric Code (NEC).

My conclusion are based upon our review of the design and photos provided by the installer. This letter does not waive the installer of any responsibility for improper installation.

Sincerely,

Ryan McPherson, P.E.
