RE: TRUCK STOP 75

ELLISVILLE, FL

DEAR MR. WEHINGER,

ENCLOSED ARE TWO SETS OF DRAWINGS ENCOMPASSING THE 23,240 SF BUILDING SAFETY PLAN. EACH SET CONTAINS TWO SHEETS WHICH HAVE BEEN SIGNED AND SEALED BY A FLORIDA LICENCED PROFESSIONAL ENGINEER.

THE DEPICTED BUILDING FOOTPRINT AND FLOOR PLAN REPRESENTS AS-BUILT CONDITIONS AS CONSTRUCTED IN 1996, DETERMINED BY MAKING OBSERVATIONS AND MEASUREMENTS AND COMPARING THEM TO OLD DESIGN DRAWINGS.

THE DRAWINGS ALSO DEPICT PLANNED MODIFICATIONS TO THE INTERIOR, NON-LOAD BEARING WALLS TO ACCOMMODATE THE NEW BUSINESS. THESE DRAWINGS ARE WORKING DOCUMENTS THAT WILL ULTIMATELY BE FINALIZED FOR PERMITTING USE.

I TRUST THAT THIS SAFETY PLAN, IN ADDITION TO THE BUILDING FIRE SPRINKLER SYSTEM WILL SATISFY YOUR REQUIREMENTS.

VERY TRULY YOURS,

J. LESZKIEWICZ, P.E.
