A line drawing of a barn with a gambrel roof. At the peak of the roof is a cupola with a small square window. The main body of the barn has vertical siding. On the left side, there is a large rectangular door with horizontal lines at the bottom, suggesting steps. On the right side, there are two square windows with 'X' patterns, and a central rectangular window with two panes. The roof has a double-sloped gambrel design.
