## TAP AND IMPACT APPLICATION PROCESS

### Step 1

Customer submits a completed tap application.

### Step 2

The Utility Service Coordinator sends copy of application to:

- A. Director of Utilities
- B. Director of Distributions, Collections and Construction
- C. Director of Natural Gas
- D. Building Official

### Step 3

Utility Staff will review application and determine:

- A. Available Sewer capacity, if applicable
- B. Available Water capacity, if applicable
- C. Available Gas capacity, if applicable

**The approval process may take up to 2 weeks to complete.**

### Step 4

If no issues exist, then a cost estimate will be prepared. The Utility Service Coordinator will notify the customer.

### Step 5

Once all fees are received, the Utility Service Coordinator will generate a Tap work order. The Utility Department will schedule for the tap to be completed.

**It may take up to 3 weeks to complete the work order. If it is necessary for more than 3 weeks to complete the customer will be contacted.**

### Step 6

**The utility account is established and will begin billing all utility fees applicable on the date that the water or gas meter is set. (example: water, sewer and natural gas)**
