

5.22.24

Good morning,

I am resending this letter because the first one I sent last month in the same envelope with Maggie Greene's final elevation certificate, might have gotten misplaced. Julian McCranie received a refund from Lowes for his generator. So, the unit was never installed. I had to hold off sending the first letter because they were going to try and make him stick to his contract. But ultimately, they refunded him. So, we need to cancel his permit 48078. Are we able to be refunded the money that we paid? If so, the credit card that we paid with has been closed, so you will not be able to refund back to it. Please feel free to contact us if you have any questions.

Thank you for your time,
