POCKET PENETROMETER TEST

The pocket penetrometer tests are rounded down to 1500 pcf or check here to declare 1000 lb. soil without testing.

X 1500 X 1500 X 1600

POCKET PENETROMETER TESTING METHOD

1. Test the perimeter of the home at 6 locations.
2. Take the reading at the depth of the footer.
3. Using 500 lb. increments, take the lowest reading and round down to that increment.

X 1500 X 1500 X 1600

TORQUE PROBE TEST

The results of the torque probe test is 280 inch pounds or check here if you are declaring 5' anchors without testing. A test showing 275 inch pounds or less will require 5 foot anchors.

Note: A state approved lateral arm system is being used and 4 ft. anchors are allowed at the sidewall locations. I understand 5 ft anchors are required at all centerline tie points where the torque test reading is 275 or less and where the mobile home manufacturer may require anchors with 4000 lb holding capacity.

Electrical

Connect electrical conductors between multi-wide units, but not to the main power source. This includes the bonding wire between multi-wide units. Pg. 4

Plumbing

Connect all sewer drains to an existing sewer tap or septic tank. Pg. 5

Connect all potable water supply piping to an existing water meter, water tap, or other independent water supply systems. Pg. 6

Site Preparation

Debris and organic material removed ✓
Water drainage: Natural ✓ Swale Pad Other

Fastening multi wide units

Floor: Type Fastener: 3/8" Length: 6" Spacing: 24"
Walls: Type Fastener: 1/4" Length: 5" Spacing: 24"
Roof: Type Fastener: 3/8" Length: 6" Spacing: 24"
For used homes & min. 30 gauge, 8" wide, galvanized metal strip will be centered over the peak of the roof and fastened with galv. roofing nails at 2" on center on both sides of the centerline.

Gasket (weatherproofing requirement)

I understand a properly installed gasket is a requirement of all new and used homes and that condensation, mold, mildew and buckled marriage walls are a result of a poorly installed or no gasket being installed. I understand a strip of tape will not serve as a gasket.
