November 15, 2020

To whom it may concern,

Please extend Permit #25240 for an additional 3 months. The person helping me with the work has had unexpected back surgery. He has been unable to do any bending, lifting or twisting since October 6th, when he had surgery. He is hoping to be cleared to lift again on Nov. 20th when he returns to his doctor at The Orthopaedic Institute.

Sincerely,

Jo-Ann Cassidy
