Yes ma'am They are required to do some median modifications, remove one access point and reconstruct another access point in a different location.  
If you have any other questions or comments please feel free to contact me.

Thanks,

Troy Register  
Permits Manager  
Lake City Operations

---

Troy,  
We have an application for the fuel service area expansion of the Busy Bee station (02063-000, 02063-001) 4772 NW US Highway 41.  
They have completed the Site & Development process.  
Do they have a FDOT access permit? So we can proceed with issuing the permit.  
Thank you,

*Laurie Hodson*
