Lot 37, Meadowlands Phase 3, Plat Book 8, Pages 7-10

Parcel No. 06-6S-17-03761-137

Owner – Clinton W. & Holly L. Walker

To Whom It May Concern,

Based upon examination of the record plat “Meadowlands Phase 3”, the minimum floor elevation for Lot 37 is 78.0 feet. The record plat makes no mention of the datum the floor elevation is to be determined from and efforts by this surveyor were unsuccessful in this cause. Due to this fact, I am providing the finished floor elevation of the existing residence on Lot 37, in the National Geodetic Vertical Datum of 1929 (NGVD 1929) AND the North American Vertical Datum of 1988 (NAVD 1988). Benchmark used – Suwannee River Water Management District BM – 061708002 – Elevation = 91.758 feet – NAVD 1988.

Finished floor elevation = 78.65 feet NGVD 1929

Finished floor elevation = 77.86 feet NAVD 1988

Sincerely,

Ronald E. Parrish, PSM 4929
President
