Equipment	Manufacturer	Model Designation
For heating	NOT SUPPLIED	BTU/H 32,876 MIN
For air cooling	FRIGIDAIRE	MEF305PBW
For cooking	FRIGIDAIRE	MRT15CNEW
Refrigerator	RHEEM	71-30S
Water Heater	W510501	
Washer		
Clothes Dryer		
Dishwasher		
Garbage Disposal	GORBAGS	
Fireplace		
smoke detector	fyrnetics	1235E

HOME CONSTRUCTED FOR ☒ Zone I ☒ Zone II ☐ Zone III

This home has not been designed for the higher wind pressure and anchoring provisions required for ocean/coastal areas and should not be located within 1500' of the coastline in Wind Zones II and III, unless the home and its anchoring and foundation system have been designed for the increased requirements specified for Exposure D in ANSI/ASCE 7-88.

This home has not been equipped with storm shutters or other protective coverings for windows and exterior door openings. For homes designed to be located in Wind Zones II and III, which have not been provided with shutters or equivalent covering devices, it is strongly recommended that the home be made ready to be equipped with these devices in accordance with the method recommended in manufacturers printed instructions.
