Good morning. I am emailing to request Columbia County please void Permit #43446, for electrical work on my property at 1932 SW County Road 18, Fort White, Florida, 32038. Preston Link, Inc. was the contractor who obtained the permit, however I have let them go and hired Holly Electric to complete the work. Holly Electric will apply for a new permit.

Thank you for your assistance, and if you have any questions or need additional action from me, please do not hesitate to email me back or call me at 352.215.7484.

Sincerely,

Susie Hetrick
