

MEMORANDUM

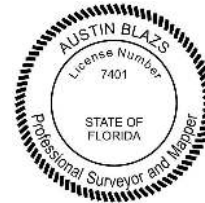

To:	All Concerned Parties	Date:	January 29, 2025
From:	Austin Blazs	Project:	24-0379.90
Subject:	Finished Floor Elevation letter for Lot 90, Preserve at Laural Lake, Unit 1		

Please accept this memorandum as my certification that the elevation of the lowest finished floor of the new residence constructed on Lot 90, Preserve at Laural Lake, Unit 1, as per plat recorded in Plat Book 9, Pages 19-25, was field measured on January 28, 2025, to be **117.48** feet. Said residence is in compliance with the Zoning setback requirements. The benchmark used as a basis for this measurement is based on NGS Data Point BD1031, with a designation of I75 71 A14.

The minimum finished floor elevation required for Lot 90, per an Elevation Letter provided by Christopher A. Potts, P.E. with LJA Engineering, is **117.30** feet.
