Subject: Update on Lewis Permit Application

Janice,

Good morning! I just wanted to let you know that I'm still working on getting the things together that are needed for the Lewis Permit. I've spoken to Mike Nicholson and advised that his Exemption needed to be brought current, Bryan is deciding which Drywall sub to submit and as for now, the remodel is not going to require a plumber. Also, the contact phone number for the Lewis' is as follows:

Jim Lewis
205-960-9326
jnlewis@samford.edu

Have a good day! I will keep you posted on anything I find out.

Robin W. Nichols
