

## COLUMBIA COUNTY BOARD OF COUNTY COMMISSIONERS AGENDA ITEM REQUEST FORM

The Board of County Commissioners meets the 1st and 3rd Thursday of each month at 5:30 p.m. in the Columbia County School Board Administrative Complex Auditorium, 372 West Duval Street, Lake City, Florida 32055. All agenda items are due in the Board's office one week prior to the meeting date.

Today's Date: July 26, 2019

Meeting Date: August 15, 2019

Name: Todd Manning

Department: Information Technology

Division Manager's Signature: \_\_\_\_\_

### 1. Nature and purpose of agenda item:

BA 19-65 -- Comcast contract for data connectivity for the Health Department to the BCC WAN. Budget Amendment for necessary network, cabling and telephone equipment.

### 2. Recommended Motion/Action:

Approval of BA 19-65

### 3. Fiscal impact on current budget.

This item is not budgeted. The proposed budget amendment to fund this request is provided below.

Budget Amendment Number: BA 19-65

Fund: 001-GENERAL FUND

FROM:	TO:	AMOUNT:
001-8400-584.90-99	001-1000-511.30-64	
RESERVES / CONTINGENCY/RESERVE	OPERATING EXPENDITURES / NON-CAPITAL EQUIPMENT	\$7,800.00

District No. 1 – Ronald Williams  
District No. 2 – Rocky Ford  
District No. 3 – Bucky Nash  
District No. 4 – Toby Witt  
District No. 5 – Tim Murphy

RE: Heath Department communications

I met with Tom Moffses and two account managers from Hayes Communications on Monday July 22<sup>nd</sup> to discuss the possibility of their department changing telephone services due to their current aged and ailing Nortel telephone system. Mr. Moffses wanted to see what the County VoIP system would cost versus a hosted option from Hayes Communications.

To add the Heath Department to the BCC VoIP network would require 45+ CAT5 lines to be ran to the locations of each phone, purchase of a 48 port POE switch, Cisco ISR router and contract with Comcast for fiber connectivity into the County WAN. Equipment costs for the BCC VoIP is \$12,993.00 with a recurring cost of \$4800.00 annually.

The Hayes HVS VoIP would not require new cabling or the purchase of any equipment, everything is included in the recurring cost. Pricing for the Hayes HVS is \$13,500.00 annually.

The Board of County Commissioners funds the Health Departments communications expenses in the amount of \$8,043.00 annually. Migrating them to the BCC VoIP would have an upfront equipment cost but would save \$3,243.00 per year with a 2.7 year return on the equipment investment.

Utilizing the Hayes HVS would cost \$5,457.00 more per year and according to information provided by Mike Vitale from Hayes Communications pricing would be expected to rise annually.

If you have any further questions, please let me know.

<b>Total Monthly Recurring Equipment Fees (all Services):</b>	<b>\$ 0.00</b>

\*Note: Charges identified in the Service Order are exclusive of maintenance and repair charges, and applicable federal, state, and local taxes, USF fees, surcharges and recoupments (however designated). Please refer to your Comcast Enterprise Services Master Services Agreement (MSA) for specific detail regarding such charges. Customer shall pay Comcast one hundred percent (100%) of the non-amortized Custom Installation Fee prior to the installation of Service.

## GENERAL COMMENTS

## AGREEMENT

This Comcast Enterprise Services Sales Order Form ("Sales Order") shall be effective upon acceptance by Comcast. This Sales Order is made a part of the Comcast Enterprise Services Master Services Agreement, entered between Comcast and the undersigned and is subject to the Product Specific Attachment for the Service(s) ordered herein located at <https://business.comcast.com/terms-conditions-enl> (the "Agreement"). Unless otherwise indicated herein, capitalized words shall have the same meaning as in the Agreement.

## E911 NOTICE

Comcast Business Class Trunking Service may have the E911 limitations specified below:

• The National Emergency Number Association (NENA), a 911 industry organization that makes recommendations for standardized services relating to E911, has issued guidelines that state "The PBX owner is responsible for creating customer records, preferably in NENA standard format, that identify caller locations." To facilitate Customer's compliance with these guidelines and with associated state and local requirements related to provision of Automatic Location Information (ALI) for E911 services, Comcast offers two options:

- Comcast will send to the ALI database or Subscriber Location Database (SLDB) the main billing telephone number and the main address provided by Customer; or
  - Customer may choose to sign up for up to 10 Emergency Location Information Numbers (ELINs) that Customer could assign to zones within Customer's premises that would be separately identified to the E911 call taker. The location information, such as a specific floor, side of a building, or other identifying information, could assist emergency responders to more quickly reach the appropriate location. Customer is solely responsible for programming its PBX system to map each station to one of these numbers, and for updating the system as necessary to reflect moves or additions of stations within the premises. Comcast will send the assigned ELINs to the ALI or SLDB database, as is appropriate.
- Many jurisdictions require businesses using multi-line telephone systems to program their systems to transmit specific location information for 911 calls. Customer bears sole responsibility to ensure that it identifies and complies with all such requirements. In any event, if Customer does not maintain E911 records in a timely and accurate manner, the E911 call taker may not receive proper location information, and emergency responders may be delayed or even prevented from timely reaching the caller's location.
- Battery Back Up - The Integrated Access Device (IAD) provided by Comcast is not equipped with battery backup. It is Customer's responsibility to ensure adequate back-up power is provided to ensure service continuity during a power outage, as employees would otherwise be unable to use the Services, including dialing 9-1-1, when power is unavailable.
- Calls using the Service, including calls to 911, may not be completed if there is a problem with network facilities, including network congestion, network/equipment/power failure, or another technical problem.
- All questions should be directed to 1-800-391-3000. E911 Service, Private Branch Exchange, and Direct Inward Dial Service.

By signing below, Customer acknowledges, agrees to and accepts the terms and conditions of this Sales Order.
