----------	-----------------	---------	-----------	------	-------------

Notes: This is the old backup recorder purchased in 2013 with grant funds from State E-911 Grant 13-5-33 and was replaced this year (after 5-years) with new Equature recorder. Item is basically a computer with an initial value of approx. \$2,000. The remaining cost is for the proprietary software exclusive to Equature. Equature does not seperate the computer cost and software cost therefore the recorder is considered a single item. Due to the proprietary nature of this item and potential CJI content stored the hard drive needs to be destroyed rendering the item junk.
