RE: Fiber Optics services

We currently lease fiber optic services from Comcast Enterprise for our wide area network for data and VoIP services. The Columbia County Board of Commissioners signed 5 year leases which are currently expiring. I have reached out to Comcast, Hargray Fiber and AT&T for quotes.

I have only received two quotes, Comcast Enterprise and Hargray Fiber, AT&T was unable to provide a quote in a timely manner. Both Comcast and Hargray were able to increase our bandwidth by 4900% and reduce our annual costs.

I have attached both Comcast and Hargray's quotes for your review, I recommend renewing our lease with Comcast since they are already in place and can provide the bandwidth increase without the need of installing new circuits and equipment.

If you have any questions, please let me know.
